AI Demand Positioning

See how often AI mentions your hotel for different traveler needs, which competing hotels appear instead, and what to review next.

Executive Summary

A plain language summary of where the hotel is strongest, where it is weakest, and what changed since the last monitoring period we can fairly compare against.

BIGGEST STRENGTH

Often placed near the top when AI ranks hotels

Among AI answers where hotel ranking could be measured, The Westin Tampa Waterside appeared in the Top 3 72.2% of the time. This shows how prominently the hotel is positioned when AI includes it.

BIGGEST CONSTRAINT

Signature attributes under-recognized

Ballroom appears in only 9.5% of monitored answers. AI is incomplete on a material part of the hotel's proposition.

Provider Presence

How often each AI model mentioned your hotel when asked on its own. Each model is shown separately.

PROVIDER	STATUS	AI PRESENCE	MONITORED	MISSING	MISSING EVIDENCE
Perplexity	Monitored	54.0%	34 / 63	29	View Missing
ChatGPT	Monitored	52.4%	33 / 63	30	View Missing
Gemini	Monitored	52.4%	33 / 63	30	View Missing
Claude	Monitored	41.3%	26 / 63	37	View Missing

Territory totals can be higher than any single model because a traveler need counts if at least one model mentioned your hotel.
