AI VISIBILITY AUDIT & ACTION PLAN

Nobu Hotel London Portman Square

London, England

INITIAL DIGITAL PRESENCE ASSESSMENT

NOVEMBER 2026

1. Executive Audit Summary

Make the 700-Guest Event Proposition Consistent and Machine-Usable

The hotel appears in 19.6% of comparable answers and 41.3% of eligible scenarios, while official pages explicitly support several attributes recorded at 0%. The immediate task is to reconcile explicit first-party facts with the staged reality gaps, while treating technical-probe results as bounded observations rather than causal proof.

Performance Snapshot

AI CONSIDERATION	SCENARIO PRESENCE	REALITY COVERAGE
19.6%	**41.3%**	**13.3%**
Mentioned in 36 of 184 comparable monitored AI answers	Present across 19 of 46 eligible traveler-need scenarios	Only 2 of 15 monitored attributes consistently recognized

AI Consideration is the share of comparable monitored answers mentioning the hotel; Scenario Presence is the share of eligible traveler-need scenarios where it appeared. Peer position is certified-set context. These measures do not represent bookings, ADR, revenue, or traveler exposure.

Key Findings

1. Make the 700-Guest Event Proposition Consistent and Machine-Usable

The official events page describes receptions for up to 700 guests and a Nobu Ballroom with a 9-meter LED screen; Large Ballroom / Event Capacity recognition was 0%.

Why it matters. The ballroom is a material group-sales asset. Clear setup-qualified capacity facts can improve planner context without implying measured-performance causation.

2. Unify Marylebone, Dining, and Nobu Hospitality Positioning

The official homepage places the hotel in Marylebone and presents four dining destinations plus Omotenashi hospitality. The certified read recorded 0% for Marylebone / Portman Square Location, On-Site Restaurant, Nobu Restaurant, Private Dining, and Japanese Hospitality Positioning.

Why it matters. The missing signals are central to the hotel's identity and entry into relevant traveler-need answers.

3. Connect the Full Hotel-Buyout Fact Set to Group Demand

The official events page offers exclusive hotel buyout access to 243 rooms and suites, three event spaces, Nobu Restaurant, The Lounge, Nobu Bar & Terrace, Nobu Pilates & Wellness, and a dedicated check-in experience.

Why it matters. This differentiated group proposition is useful for conferences, incentives, and celebrations if leadership wants that demand.

Recommended Priorities

PRIORITY	ACTION	DESIRED OUTCOME
High	Director of Sales / Digital Content Owner: Make the 700-Guest Event Proposition Consistent and Machine-Usable	Hotel leadership records the approved source of truth and scope.
High	Hotel Commercial Leadership: Unify Marylebone, Dining, and Nobu Hospitality Positioning	Hotel leadership records the approved source of truth and scope.
High	Director of Sales: Connect the Full Hotel-Buyout Fact Set to Group Demand	Hotel leadership records the approved source of truth and scope.
Medium	Website Platform Owner: Correct the Probe's Root-Redirect Blind Spot	Hotel leadership records the approved source of truth and scope.

EXECUTIVE TAKEAWAY

The practical next step is one approved source-of-truth decision at a time, followed by narrow implementation and verification.

2. Action Overview

4 hotel-specific actions at a glance; detailed evidence, decisions, and verification steps follow.

PRIORITY	ACTION & BUSINESS RELEVANCE	ACCOUNTABLE OWNER	SUGGESTED TIMING
HIGH	**AVA-NOBU-001** Make the 700-Guest Event Proposition Consistent and Machine-Usable The ballroom is a material group-sales asset. Clear setup-qualified capacity facts can improve planner context without implying measured-performance causation.	Director of Sales / Digital Content Owner	Review in 2 weeks; approved updates within 30–45 days
HIGH	**AVA-NOBU-002** Unify Marylebone, Dining, and Nobu Hospitality Positioning The missing signals are central to the hotel's identity and entry into relevant traveler-need answers.	Hotel Commercial Leadership	Review in 2 weeks; approved updates within 30–45 days
HIGH	**AVA-NOBU-003** Connect the Full Hotel-Buyout Fact Set to Group Demand This differentiated group proposition is useful for conferences, incentives, and celebrations if leadership wants that demand.	Director of Sales	Review in 2 weeks; approved updates within 30–45 days
MEDIUM	**AVA-NOBU-004** Correct the Probe's Root-Redirect Blind Spot The result is a probe-scope limitation, not evidence that the hotel pages are unavailable or unindexable.	Website Platform Owner	Review in 2 weeks; approved updates within 30–45 days

3. Decisions Requested from Hotel Leadership

No public change is approved by this payload. Hotel leadership must establish the source of truth and authorize implementation.

1. **Make the 700-Guest Event Proposition Consistent and Machine-Usable** (AVA-NOBU-001)
   Hotel leadership must approve facts and public changes before implementation.
2. **Unify Marylebone, Dining, and Nobu Hospitality Positioning** (AVA-NOBU-002)
   Hotel leadership must approve facts and public changes before implementation.
3. **Connect the Full Hotel-Buyout Fact Set to Group Demand** (AVA-NOBU-003)
   Hotel leadership must approve facts and public changes before implementation.
4. **Correct the Probe's Root-Redirect Blind Spot** (AVA-NOBU-004)
   Hotel leadership must approve facts and public changes before implementation.

4. Key Digital Presence Findings

Findings separate verified inconsistencies, bounded investigations, confirmation needs, and optional commercial choices.

NEEDS INVESTIGATION · AVA-NOBU-001

Make the 700-Guest Event Proposition Consistent and Machine-Usable

The official events page describes receptions for up to 700 guests and a Nobu Ballroom with a 9-meter LED screen; Large Ballroom / Event Capacity recognition was 0%.

SUPPORTING EVIDENCE

- VERIFIED PUBLIC EVIDENCE
  Nobu meetings and events — States receptions for up to 700 guests and describes the Nobu Ballroom and 9-meter LED screen.

NEEDS INVESTIGATION · AVA-NOBU-002

Unify Marylebone, Dining, and Nobu Hospitality Positioning

The official homepage places the hotel in Marylebone and presents four dining destinations plus Omotenashi hospitality. The certified read recorded 0% for Marylebone / Portman Square Location, On-Site Restaurant, Nobu Restaurant, Private Dining, and Japanese Hospitality Positioning.

SUPPORTING EVIDENCE

- VERIFIED PUBLIC EVIDENCE
  Nobu hotel homepage — Explicitly presents Marylebone, four dining destinations, Nobu Restaurant, private dining, and Omotenashi.
- VERIFIED PUBLIC EVIDENCE
  Nobu meetings and events — Presents Marylebone event positioning and Nobu catering/private dining.

OPTIONAL OPPORTUNITY · AVA-NOBU-003

Connect the Full Hotel-Buyout Fact Set to Group Demand

The official events page offers exclusive hotel buyout access to 243 rooms and suites, three event spaces, Nobu Restaurant, The Lounge, Nobu Bar & Terrace, Nobu Pilates & Wellness, and a dedicated check-in experience.

SUPPORTING EVIDENCE

- VERIFIED PUBLIC EVIDENCE
  Nobu meetings and events — Lists the 243-room exclusive-buyout proposition and included hotel facilities.

NEEDS INVESTIGATION · AVA-NOBU-004

Correct the Probe's Root-Redirect Blind Spot

The zero-cost probe accepted the supplied hotel URL but tested the site origin, whose homepage redirected to the Nobu Hotels root. Separate web fetches successfully retrieved the hotel and meetings pages.

SUPPORTING EVIDENCE

- TECHNICAL OBSERVATION
  Zero-cost public research probe — Origin GET returned HTTP 200 at the Nobu Hotels root; hotel-path pages were separately retrievable.

5. Prioritized Action Plan

Each action states the owner, evidence, approval requirement, completion criteria, target URLs, and verification method.

ACTION 01 · AVA-NOBU-001

Make the 700-Guest Event Proposition Consistent and Machine-Usable

HIGH PRIORITY | NOT STARTED | NEEDS INVESTIGATION | Owner: Director of Sales / Digital Content Owner

Timing: Review in 2 weeks; approved updates within 30–45 days

WHAT WE FOUND

The official events page describes receptions for up to 700 guests and a Nobu Ballroom with a 9-meter LED screen; Large Ballroom / Event Capacity recognition was 0%.

WHY IT MATTERS

The ballroom is a material group-sales asset. Clear setup-qualified capacity facts can improve planner context without implying measured-performance causation.

RECOMMENDED ACTION

1. Approve capacity by setup and the exact ballroom naming convention.
2. Align event landing pages, fact sheets, structured fields, and partner profiles.
3. Keep the 700 figure explicitly tied to reception setup.
4. Verify rendered and machine-readable facts after publication.

ACCOUNTABLE OWNER

Director of Sales / Digital Content Owner

SUPPORTING PARTIES

Hotel commercial leadership,Digital content owner

SUGGESTED TIMING

Review in 2 weeks; approved updates within 30–45 days

MEASURABLE COMPLETION CRITERIA

- **Investigation Completed.** Hotel leadership records the approved source of truth and scope.
- **Correction Submitted.** Approved field-level changes are submitted to the responsible channel.
- **Correction Verified Live.** Named pages match the approved facts and live evidence is archived.
- **No Change Required.** Valid only when leadership documents why the current presentation is accurate and sufficient.

> **Hotel Decision Required.** Hotel leadership must approve facts and public changes before implementation.

AGENCY IMPLEMENTATION DETAILS

For the digital marketing agency, website developer, or CDN partner.

AFFECTED PAGES / PLATFORMS

- Source

REQUIRED CHANGES OR INVESTIGATION

1. Approve capacity by setup and the exact ballroom naming convention.
2. Align event landing pages, fact sheets, structured fields, and partner profiles.
3. Keep the 700 figure explicitly tied to reception setup.
4. Verify rendered and machine-readable facts after publication.

SOURCE EVIDENCE

- Source

VERIFICATION METHOD

Re-fetch the named pages and compare rendered facts with the approved record.

DEPENDENCIES

- Hotel-approved source of truth
- Access to the responsible content channel

TECHNICAL NOTES

ADP recognition is a prioritization signal, not proof of ranking, booking, ADR, or revenue causation.

ACTION 02 · AVA-NOBU-002

Unify Marylebone, Dining, and Nobu Hospitality Positioning

HIGH PRIORITY | NOT STARTED | NEEDS INVESTIGATION | Owner: Hotel Commercial Leadership

Timing: Review in 2 weeks; approved updates within 30–45 days

WHAT WE FOUND

The official homepage places the hotel in Marylebone and presents four dining destinations plus Omotenashi hospitality. The certified read recorded 0% for Marylebone / Portman Square Location, On-Site Restaurant, Nobu Restaurant, Private Dining, and Japanese Hospitality Positioning.

WHY IT MATTERS

The missing signals are central to the hotel's identity and entry into relevant traveler-need answers.

RECOMMENDED ACTION

1. Approve a concise canonical block covering Marylebone, Nobu dining, private dining, and Omotenashi.
2. Map it across overview, dining, events, location, and structured fields.
3. Ensure terminology is consistent rather than repetitive or promotional.
4. Verify priority pages and partner profiles against the approved block.

ACTION 03 · AVA-NOBU-003

Connect the Full Hotel-Buyout Fact Set to Group Demand

HIGH PRIORITY | NOT STARTED | OPTIONAL OPPORTUNITY | Owner: Director of Sales

Timing: Review in 2 weeks; approved updates within 30–45 days

WHAT WE FOUND

The official events page offers exclusive hotel buyout access to 243 rooms and suites, three event spaces, Nobu Restaurant, The Lounge, Nobu Bar & Terrace, Nobu Pilates & Wellness, and a dedicated check-in experience.

WHY IT MATTERS

This differentiated group proposition is useful for conferences, incentives, and celebrations if leadership wants that demand.

RECOMMENDED ACTION

1. Confirm which buyout facts and use cases are commercially prioritized.
2. Create one approved buyer-facing summary with qualification rules.
3. Link the summary from relevant meetings, incentive, and celebration pages.
4. Track qualified inquiries separately from AI-presence measures.

ACTION 04 · AVA-NOBU-004

Correct the Probe's Root-Redirect Blind Spot

MEDIUM | NOT STARTED | NEEDS INVESTIGATION | Owner: Website Platform Owner

Timing: Review in 2 weeks; approved updates within 30–45 days

WHAT WE FOUND

The zero-cost probe accepted the supplied hotel URL but tested the site origin, whose homepage redirected to the Nobu Hotels root. Separate web fetches successfully retrieved the hotel and meetings pages.

WHY IT MATTERS

The result is a probe-scope limitation, not evidence that the hotel pages are unavailable or unindexable.

RECOMMENDED ACTION

1. Add canonical hotel-path checks to the bounded technical regression.
2. Record redirect chains separately from hotel-page status.
3. Preserve the current HTTP 200 robots and sitemap baseline.
4. Escalate only if a canonical hotel path fails independently.

3. Preserve the current HTTP 200 robots and sitemap baseline.
4. Escalate only if a canonical hotel path fails independently.

SOURCE EVIDENCE

- Source

VERIFICATION METHOD

Re-fetch the named pages and compare rendered facts with the approved record.

DEPENDENCIES

- Hotel-approved source of truth
- Access to the responsible content channel

TECHNICAL NOTES

ADP recognition is a prioritization signal, not proof of ranking, booking, ADR, or revenue causation.

6. Methodology, Responsibilities & Next Steps

Combines the pinned certified ADP baseline with the staged monthly-review reality gaps, a bounded review of named public pages, and zero-cost technical probes. No paid research, ADP remeasurement, production publication, or customer approval was performed.

How to Read Findings

- VERIFIED_ISSUE — a directly observed, source-backed discrepancy.
- RECOMMENDED_INVESTIGATION — evidence warrants review but does not prove a defect or cause.
- REQUIRES_HOTEL_CONFIRMATION — leadership must establish the source of truth before correction.
- OPTIONAL_COMMERCIAL_OPPORTUNITY — proceed only if leadership wants the demand.

Responsibilities

- Hotel leadership confirms facts, priorities, and public changes.
- Digital, brand, and partner teams implement only approved corrections and document verification.
- Dealality packages measurement context and evidence without implying ranking, booking, ADR, or revenue causation.

How This Relates to Monthly Monitoring

Approved actions may be tracked later. Completing an action does not itself prove a change in AI presence, bookings, ADR, or revenue.

Suggested Next Step

Approve the highest-priority source-of-truth decision, then authorize only the validated work.
