AI VISIBILITY AUDIT & ACTION PLAN

The St. Regis Cap Cana Resort

Cap Cana, Dominican Republic

INITIAL DIGITAL PRESENCE ASSESSMENT

NOVEMBER 2026

1. Executive Audit Summary

Resolve Official Inventory Conflicts and Surface Distinctive Cap Cana Assets

The St. Regis Cap Cana Resort appears in 32 of 47 eligible scenarios and ranks seventh among 11 certified Marriott Bonvoy peers. Its official pages describe a rich resort—signature dining, The Amber Room, Punta Espada, oceanfront events, and multiple pools—but conflicting inventory counts and low ADP recognition for several of those assets make source-of-truth control the first priority.

Performance Snapshot

AI CONSIDERATION	SCENARIO PRESENCE	CERTIFIED PEER POSITION
17.6%	**68.1%**	**#7 of 11**
Mentioned in 33 of 188 comparable monitored AI answers	Present across 32 of 47 eligible traveler-need scenarios	Seventh-highest presence among 11 certified Marriott Bonvoy peers

AI Consideration is the share of 188 comparable monitored answers mentioning the resort; Scenario Presence is the share of 47 eligible traveler-need scenarios where it appeared. Certified Peer Position uses the 11-hotel Marriott Bonvoy set. These measures do not represent bookings, ADR, revenue, or traveler exposure.

Key Findings

1. Dining Inventory Uses Three Different Counting Frames

The overview says eight culinary venues, later says nine culinary and beverage experiences, and lists four restaurants plus four bars.

Why it matters. Guests and partners need a stable distinction among restaurants, bars, cafés, and in-room dining.

2. Events Area Requires a Counting Bridge

The events page presents 6,192, more than 7,000, over 11,200, and over 23,200 square feet.

Why it matters. Indoor, outdoor, gross, and sellable space must be labeled explicitly for planners.

3. Several Signature Assets Are Under-Recognized

ADP recorded 0% for restaurant, meetings, golf access, and signature bar, despite detailed official content.

Why it matters. This is a prioritization signal for clearer facts, not evidence of booking or ranking causation.

2. Priority Findings & Opportunities

The most important verified corrections and opportunities for this hotel. Full research detail remains in the AVA record.

PRIORITY: HIGH · **PLATFORM:** ST. REGIS OVERVIEW

Issue: The overview says eight distinctive culinary venues, later says nine culinary and beverage experiences, and the amenities block lists four restaurants and four bars.

Why it matters: A stable category map prevents outlet omissions, double-counting, and inconsistent partner descriptions.

Recommended action: Reconcile Culinary Venue Counts and Categories

1. Food and beverage leadership signs the active outlet roster.
2. Classify restaurants, bars, cafés, seasonal outlets, and in-room dining.
3. Align overview, dining, amenities, and partner feeds.
4. Verify operating status and hours.
5. Hotel leadership records the approved source of truth and scope.

Responsible party: Director of Food & Beverage / Marriott Digital

Evidence: St. Regis overview

PRIORITY: HIGH · **PLATFORM:** ST. REGIS EVENTS

Why it matters: Planners need clear indoor, outdoor, gross, and sellable-space definitions rather than totals that appear contradictory.

Recommended action: Publish One Setup-Qualified Events Area Record

1. Sales signs an indoor/outdoor space schedule.
2. Define what each headline total includes.
3. Correct headline modules and capacity tables.
4. Verify beach, rooftop, terrace, ballroom, and breakout counts.
5. Hotel leadership records the approved source of truth and scope.

Responsible party: Director of Sales / Resort Operations

Evidence: St. Regis events

PRIORITY: HIGH · **PLATFORM:** ST. REGIS EXPERIENCES

Issue: The experiences narrative says guests can use four unique swimming pools, including an adults-only pool, while the FAQ says the resort has one outdoor pool on-site.

Why it matters: Pool inventory is a core resort-selection fact and should reflect whether multiple basins are counted as one complex or separate pools.

Recommended action: Resolve the Four-Pools Versus One-Pool Conflict

1. Operations confirms the physical and guest-facing pool inventory.
2. Define the counting convention.
3. Update narrative, amenities, and FAQ modules.
4. Verify accessibility and adults-only qualifiers.
5. Hotel leadership records the approved source of truth and scope.

Responsible party: Resort Operations / Marriott Digital

Evidence: St. Regis experiences

PRIORITY: MEDIUM · **PLATFORM:** ST. REGIS EXPERIENCES

Issue: ADP recorded 0% recognition for golf access, on-site restaurant, meetings, and speakeasy/signature bar. Official pages describe adjacent Punta Espada, nine culinary and beverage experiences, The Amber Room, and extensive event venues.

Recommended action: Strengthen Punta Espada and Signature-Experience Context

1. Approve exact Punta Espada access and reservation language.
2. Use consistent Nina, Amber Room, and event-space descriptions.
3. Clarify what is on-site versus nearby.
