AI VISIBILITY AUDIT & ACTION PLAN

Wyndham Alltra Punta Cana

Uvero Alto, Punta Cana

INITIAL DIGITAL PRESENCE ASSESSMENT

NOVEMBER 2026

1. Executive Audit Summary

Correct the Name Error and Clarify the Uvero Alto Resort Offer

Wyndham Alltra Punta Cana recorded 3.4% AI Consideration and appeared in 13.6% of eligible scenarios, with a 68.2% weighted attribute Reality Gap. These results do not establish why the hotel was or was not mentioned. The first action is a verified accuracy correction: official overview body text contains “Wyndham Alltra Punta Cana.” After fixing the missing “t,” the hotel should consistently present its Uvero Alto Beach location, 620-room all-inclusive inventory, 20 dining and beverage venues, family facilities, spa terms, and three-venue meetings offer—without introducing out-of-scope Cap Cana Marina claims.

Performance Snapshot

AI CONSIDERATION	SCENARIO PRESENCE	REALITY GAP
3.4%	**13.6%**	**68.2%**
Mentioned in 8 of 236 comparable monitored AI answers	Present across 8 of 59 eligible traveler-need scenarios	Weighted attribute gap under RG_WEIGHTED_PARTIAL_V2 — not a booking metric

AI Consideration is the share of 236 comparable monitored answers mentioning the hotel; Scenario Presence is the share of 59 eligible scenarios where it appeared. Reality Gap is a weighted attribute-recognition diagnostic covering 33 tested attributes. None represents bookings, revenue, rank, or traveler exposure.

Key Findings

1. The Official Name Typo Is a Verified Issue

Overview body text uses “Wyndham Alltra Puna Cana,” omitting the “t” in Punta.

Why it matters. Brand and place-name accuracy should be consistent across official and syndicated content.

2. The Resort Offer Is Broad but Under-Recognized

Official content describes Uvero Alto Beach, 620 rooms, 20 restaurants/bars/snack venues, a kids pirate-ship pool, spa services with extra charges, and three event venues.

Why it matters. These facts merit clear presentation, but the audit does not claim missing recognition caused low consideration.

3. Geography Must Stay Disciplined

The hotel is in Uvero Alto; Cap Cana Marina scenarios were out of scope in the integrity review.

Why it matters. Content should reinforce the correct location and correct partner confusion if found, not add Cap Cana Marina language as a visibility tactic.

Recommended Priorities

PRIORITY	ACTION	DESIRED OUTCOME
High	Wyndham content: correct “Puna Cana” everywhere	Consistent official brand and place name
High	Commercial team: approve one Uvero Alto resort fact set	Clear all-inclusive, family, spa, and meetings context
Medium	Distribution team: audit partner geography	No unsupported Cap Cana Marina association
Medium	Revenue and reservations: preserve clear award and extra-guest terms	Accurate maintained FAQ disclosures

EXECUTIVE TAKEAWAY

The hotel has substantial verified inventory and facilities. The practical task is to correct the official name error, organize those strengths around the true Uvero Alto location, prevent geography drift, and maintain transparent fee and award disclosures. Future movement should be measured without promising rankings, bookings, or revenue. Digital authority: Destination authority requires geographic accuracy first.

2. Priority Findings & Opportunities

The most important verified corrections and opportunities for this hotel. Full research detail remains in the AVA record.

PRIORITY: HIGH · **PLATFORM:** OFFICIAL OVERVIEW

Issue: Body text uses “Wyndham Alltra Puna Cana” rather than “Wyndham Alltra Punta Cana.”

Why it matters: Canonical brand and place-name accuracy supports guest trust and consistent downstream syndication.

Recommended action: Correct the “Puna Cana” Name Error

1. Locate the source content field containing the typo.
2. Correct it to the approved canonical hotel name.
3. Search official property content and syndicated fields for the same error.
4. Verify rendered desktop and mobile pages after publication.
5. A content search identifies every official and managed syndicated occurrence.

Responsible party: Wyndham Digital Content / Hotel Marketing

Evidence: Official overview

PRIORITY: HIGH · **PLATFORM:** OFFICIAL OVERVIEW

Issue: Official content describes Uvero Alto Beach, 620 rooms, 20 restaurants/bars/snack venues, a kids pirate-ship pool, spa services with extra charges, and three event venues up to 300 conference or 200 banquet.

Why it matters: A signed fact set can improve buyer decision context, but the audit does not claim content caused the measured result or would change measured bookings.

Recommended action: Clarify the Uvero Alto All-Inclusive Offer

1. Operations signs room, venue, family-facility, and spa-charge facts.
2. Sales signs room-by-room event capacities by setup.
3. Create concise all-inclusive and meetings copy using only approved facts.
4. Align official pages, sales collateral, and priority partner listings.
5. Leadership signs a resort and meetings fact brief.

Responsible party: Hotel Commercial Leadership

Evidence: Official overview

PRIORITY: MEDIUM · **PLATFORM:** OFFICIAL OVERVIEW

Issue: The official property is positioned in Uvero Alto. The audit has not verified a live partner error, so any Cap Cana Marina correction must follow evidence from a listing audit.

Why it matters: Incorrect geography can mislead guests and planners; adding Cap Cana Marina language as a visibility tactic would create rather than solve an accuracy problem.

Recommended action: Audit Partner Listings for Geography Drift

1. Approve canonical Uvero Alto and Punta Cana geography language.
2. Audit priority partner listings and sales collateral for Cap Cana Marina associations.
3. Correct only verified mismatches with source evidence.
4. Record no-change results for channels already accurate.
5. A channel log records location language for each priority listing.

Responsible party: Distribution / Revenue Leadership

Evidence: Official overview

PRIORITY: MEDIUM · **PLATFORM:** OFFICIAL OVERVIEW AND FAQ

Issue: Official FAQ content clearly explains award-night and extra-guest charge conditions.

Why it matters: Transparent terms support informed booking decisions and reduce policy ambiguity; this is maintenance, not a diagnosed visibility defect.

Recommended action: Maintain Clear Award and Extra-Guest Terms

1. Revenue and reservations confirm current award and extra-guest terms.
2. Record the policy owner and effective date.
3. Review official and reservation-facing copy for consistency.
4. Set a quarterly or policy-change-triggered verification.
5. Revenue and reservations sign the current policy statement and effective date.

Responsible party: Revenue Management / Reservations

Evidence: Official overview and FAQ

PRIORITY: MEDIUM · **PLATFORM:** GO DOMINICAN REPUBLIC

Issue: Go Dominican Republic is a credible national DMO; hotel-specific Alltra backlink not confirmed in this public pass.

Why it matters: Wrong Cap Cana / Puna Cana facts would poison any destination listing.

Recommended action: Pursue Destination Lodging Inclusion With Correct Uvero Alto Facts

1. Correct overview typo and geography scope.
2. Identify lodging inventory contact at GoDR / regional DMO.
3. Submit approved Uvero Alto profile + official URL.
4. Archive evidence.
5. Opportunity owner and required facts confirmed with hotel leadership.

Responsible party: Hotel Marketing / Wyndham brand content

Evidence: Go Dominican Republic

PRIORITY: MEDIUM · **PLATFORM:** OFFICIAL WEBSITE

Issue: Confirm that meetings, dining, and amenities facts on the official page match the hotel's approved source of truth; align third-party listings after confirmation.

Why it matters: Digital content readiness depends on one approved source of truth before third-party outreach.

Recommended action: Confirm and align official facts for Wyndham Alltra Punta Cana

1. Establish one approved fact sheet; update the official page first; then cascade to GBP/OTAs when values are confirmed.
2. Do not change unconfirmed values on OTAs until the hotel approves the fact sheet.
3. Opportunity owner and required facts confirmed with hotel leadership.
4. Outreach or listing update request filed with supporting evidence.
5. Live destination/partner page checked and archived after update (or documented refusal).

Responsible party: Hotel Sales & Marketing

Evidence: Official website

3. Digital Platform Assessment

Exact verified listings where available. Rows distinguish corrections, content improvements, distribution opportunities, verified-consistent listings, partial assessments, and research follow-ups. Access restrictions are not treated as content defects.

7. Methodology & Limitations

Dealality AVA assesses the hotel’s public digital presence. Listing existence and content assessment are tracked separately; Google Travel entities are not treated as Google Business Profile / Maps place listings. Assessment date: 2026-11-05. Readiness: see certification. ADP traveler-intent detail is limited to the Executive Audit Summary.
