1. Executive Performance

Executive Read marks this as a baseline / not yet an official comparable prior. Trend rows still show the prior published run for transparency; interpret deltas cautiously.

AI CONSIDERATION 43.3% +43.3 pp	SCENARIO PRESENCE 69.8% +69.8 pp	REALITY COVERAGE 46.2% +46.2 pp
COMPETITIVE POSITION Sofitel Legend Santa Clara Cartagena Top displacement competitor · 15 scenarios where subject was absent	BRAND PORTFOLIO POSITION 43.3% 109 of 252 AI observations	PORTFOLIO RANK #1 of 4 Among 4 relevant Choice Privileges hotels

Executive Assessment

Hotel Caribe by Faranda Grand, a member of Radisson Individuals currently shows AI Consideration of 43.3% and Scenario Presence of 69.8%, with Reality Coverage at 46.2%. Strongest governed signal: Often placed near the top when AI ranks hotels. Primary constraint: Not appearing consistently in AI answers. Versus the prior published run (2026-09-08), material headline movement is AI Consideration +43.3 pp and Scenario Presence +69.8 pp. Independent Positioning shows #1 of 4 with Portfolio AI Presence 43.3%. Independent Positioning is weak as well, so the Core and portfolio reads point in the same direction. Overall Core performance remains weak; gaps are broad across consideration, scenario coverage, and Independent Positioning. Management should prioritize correcting clear visibility and reality gaps, then address the competitors that most often appear when the property is absent.

POSITIVE SIGNAL

Among AI answers where hotel ranking could be measured, Hotel Caribe by Faranda Grand, a member of Radisson Individuals appeared in the Top 3 72.4% of the time. This shows how prominently the hotel is positioned when AI includes it.

PERFORMANCE RISK

The hotel appeared in at least one AI answer for 69.8% of the traveler needs we tested, but across all individual AI answers it appeared 43.3% of the time. In practical terms, AI recognizes the hotel as relevant for many types of trips, but a traveler will not consistently see it among the hotel options surfaced.
