

AI Demand Positioning

See how often AI mentions your hotel for different traveler needs, which competing hotels appear instead, and what to review next.

Executive Summary

A plain language summary of where the hotel is strongest, where it is weakest, and what changed since the last monitoring period we can fairly compare against.

BIGGEST STRENGTH

Broad demand reach

Bethesda Marriott appeared in at least one AI answer for 81% of the traveler needs tested (Scenario Presence). That is the clearest positive reach signal in this period.

BIGGEST CONSTRAINT

Inconsistent answer-level inclusion

Scenario Presence is 81%, while AI Consideration is 42.1%. AI recognizes the hotel across many traveler needs, but it does not appear consistently in individual answers.

AI Presence by Demand Territory

For each type of traveler need, how often your hotel appeared in AI answers compared with the comparable hotels used in this analysis. An index of 100 means your hotel appeared about as often as those comparable hotels.

DEMAND TERRITORY	YOUR AI PRESENCE	CORE BENCHMARK	AI PRESENCE INDEX	MISSING EVIDENCE

Provider Presence

How often each AI model mentioned your hotel when asked on its own. Each model is shown separately.

PROVIDER ⓘ	STATUS ⓘ	AI PRESENCE ⓘ	MONITORED ⓘ	MISSING ⓘ	MISSING EVIDENCE ⓘ
Claude	Monitored	96.8%	61 / 63	2	View Missing
Gemini	Monitored	93.7%	59 / 63	4	View Missing
Perplexity	Monitored	79.4%	50 / 63	13	View Missing
ChatGPT	Monitored	49.2%	31 / 63	32	View Missing

Territory totals can be higher than any single model because a traveler need counts if at least one model mentioned your hotel.
