Platform Executive Summary

BIGGEST STRENGTH

Often placed near the top when AI ranks hotels

Among AI answers where hotel ranking could be measured, The St. Regis Cap Cana Resort appeared in the Top 3 84.6% of the time. This shows how prominently the hotel is positioned when AI includes it.

BIGGEST CONSTRAINT

Not appearing consistently in AI answers

The hotel appeared in at least one AI answer for 68.1% of the traveler needs we tested, but across all individual AI answers it appeared 17.6% of the time. In practical terms, AI recognizes the hotel as relevant for many types of trips, but a traveler will not consistently see it among the hotel options surfaced.

CHANGE SINCE LAST COMPARABLE RUN

No comparable prior official period yet

No comparable prior official monitoring period is available yet. This period can be evaluated on its own; change over time is not shown.

Executive Conclusion

The St. Regis Cap Cana Resort's primary issue is entering AI consideration at all, especially for Family Travel.

What the Data Is Telling Us

Scenario Presence at 66.7% shows broad recognition across monitored traveler needs. AI Consideration at 17.3% shows that recognition does not consistently convert into selection in individual answers. The management problem is inclusion consistency — not awareness. Softness concentrates in Family Travel; Group / Meeting remain stronger. When the hotel is absent, Eden Roc Cap Cana most often appears (14 scenarios).

Why It Matters

Fine-tuning rank against individual competitors will have limited value until the hotel becomes relevant in more of the traveler needs it currently misses. Entry problems and rank problems require different management attention. If leadership optimizes competitor comparisons first, the hotel can look busy while still missing the larger answer-set gap.

Where the Pattern Is Concentrated

Family Travel is the softest Scenario Capture at 20.0%, while Group / Meeting show broader coverage. The inclusion issue is concentrated, not universal. Eden Roc Cap Cana appears most often when the hotel is missing (14 scenarios) — use that pattern for source and fact checks, not as proof of cause. Reality Coverage is 28.1% (9 of 32 attributes). Start with gaps that matter operationally — beginning with Airport-Adjacent Location.

What Management Should Focus On Now

Focus first on how the hotel is represented for Family Travel. Review whether the attributes, positioning, and use cases most relevant to those travelers are complete and consistently represented across priority sources. Treat competitor-rank tactics as secondary until entry improves.

What Not to Overreact To

No comparable prior official period is available — read these as current levels, not period-over-period change.

What to Review Next

Compare evidence from scenarios where Eden Roc Cap Cana appears with the property information currently available for The St. Regis Cap Cana Resort. Check entry cues first — product type, occasion, and location framing — before broadening the review to secondary attributes.

2. Demand & Competitive Movement

Material Movement

No material movement rows in this period.

Demand Movement

> Family Travel is the clearest softness at 20.0% Scenario Capture. Group / Meeting show broader coverage — the inclusion issue is concentrated rather than universal. These are current-period levels, not trend.

Competitive Movement

Competitive context: 14 Core competitors identified · Competitor-present displacement 47/47 scenarios

> 14 Core competitors identified in the certified competitive set for this period. Competitors appeared in 47 of 47 monitored scenarios when measuring competitor-present displacement (observational co-appearance / absence patterns — not causation). Eden Roc Cap Cana is the most frequent alternative when The St. Regis Cap Cana Resort is absent (14 scenarios). Hyatt Zilara Cap Cana (13) and Secrets Cap Cana Resort & Spa (13) also appear often — displacement is spread across multiple local options. Counts show co-appearance patterns; they do not prove why displacement happens.

Eden Roc Cap Cana	14
Hyatt Zilara Cap Cana	13
Secrets Cap Cana Resort & Spa	13
Sanctuary Cap Cana, a Luxury Collection Resort, Dominican Republic, Adult All-Inclusive	10
Dreams Cap Cana Resort & Spa	4

Reality Coverage Context
