AI VISIBILITY AUDIT & ACTION PLAN

Radisson Blu Toronto Downtown

Toronto, Canada

INITIAL DIGITAL PRESENCE ASSESSMENT

NOVEMBER 2026

1. Executive Audit Summary

Resolve the Open-Ended Restaurant and Lounge Closure Notice

The hotel leads its certified six-hotel peer set but appears in 29.0% of comparable answers and 38.1% of eligible scenarios, with 19.0% Reality Coverage. The immediate task is to reconcile explicit first-party facts with the staged reality gaps, while treating technical-probe results as bounded observations rather than causal proof.

Performance Snapshot

AI CONSIDERATION	SCENARIO PRESENCE	CERTIFIED PEER POSITION
29.0%	**38.1%**	**#1 of 6**
Mentioned in 73 of 252 comparable monitored AI answers	Present across 24 of 63 eligible traveler-need scenarios	Highest presence among 6 certified Choice Privileges peers

AI Consideration is the share of comparable monitored answers mentioning the hotel; Scenario Presence is the share of eligible traveler-need scenarios where it appeared. Peer position is certified-set context. These measures do not represent bookings, ADR, revenue, or traveler exposure.

Key Findings

1. Resolve the Open-Ended Restaurant and Lounge Closure Notice

The official Choice page says the Restaurant and Lounge are closed until further notice without a dated status or expected review point.

Why it matters. An open-ended operating-status notice affects dining decisions and can persist downstream after conditions change.

2. Unify Family, Harbourfront, and City-Access Facts

The official page lists Family Friendly and positions the hotel near Toronto Harbour, Rogers Centre, and Metro Toronto Convention Centre. Recognition was 8.2% for Family-Friendly, 9.6% for City Views, and 1.4% for Near Convention Center.

Why it matters. These facts support family, leisure, and event-planner decisions but require precise wording, especially for room-specific views.

3. Reconcile Pet and EV-Charging Facts With 0% Recognition

The official page lists Pet Friendly and EV Charging Station, including a detailed pet fee and weight policy; both attributes registered 0% recognition.

Why it matters. These are high-intent travel filters. Consistency matters, but the gap does not establish a causal content defect.

Recommended Priorities

PRIORITY	ACTION	DESIRED OUTCOME
HIGH	Resolve the Open-Ended Restaurant and Lounge Closure Notice	Verified outlet descriptions aligned across priority hotel and brand channels.
HIGH	Reconcile Pet and EV-Charging Facts With 0% Recognition	Verified completion of “Reconcile Pet and EV-Charging Facts With 0% Recognition” on the affected pages, with before/after evidence retained.
MEDIUM	Unify Family, Harbourfront, and City-Access Facts	Verified completion of “Unify Family, Harbourfront, and City-Access Facts” on the affected pages, with before/after evidence retained.
MEDIUM	Review Choice Origin Timeouts Without Overstating Impact	Verified completion of “Review Choice Origin Timeouts Without Overstating Impact” on the affected pages, with before/after evidence retained.
MEDIUM	Confirm and align official facts for Radisson Blu Toronto Downtown	One hotel-approved fact sheet reflected on the official site and spot-checked on priority listings.

EXECUTIVE TAKEAWAY

The practical next step is one approved source-of-truth decision at a time, followed by narrow implementation and verification.

2. Priority Findings & Opportunities

The most important verified corrections and opportunities for this hotel. Full research detail remains in the AVA record.

PRIORITY: HIGH · **PLATFORM:** DIGITAL PRESENCE

Issue: The official Choice page says the Restaurant and Lounge are closed until further notice without a dated status or expected review point.

Why it matters: An open-ended operating-status notice affects dining decisions and can persist downstream after conditions change.

Recommended action: Resolve the Open-Ended Restaurant and Lounge Closure Notice

1. Operations confirms the current restaurant and lounge status.
2. Remove the notice or add an accurate effective date and approved status.
3. Align dining, amenities, booking disclosures, and partner feeds.
4. Archive live verification and an owner for future status updates.
5. Approved field-level changes are submitted to the responsible channel.

Desired outcome: Verified outlet descriptions aligned across priority hotel and brand channels.

Responsible party: Hotel Operations / Choice Digital

Evidence: Requires hotel confirmation / further investigation

PRIORITY: HIGH · **PLATFORM:** DIGITAL PRESENCE

Issue: The official page lists Pet Friendly and EV Charging Station, including a detailed pet fee and weight policy; both attributes registered 0% recognition.

Why it matters: These are high-intent travel filters. Consistency matters, but the gap does not establish a causal content defect.

Recommended action: Reconcile Pet and EV-Charging Facts With 0% Recognition

1. Confirm the current pet and EV-charging policies, costs, and availability.
2. Align summary amenities with detailed policy content.
3. Expose approved facts in structured amenity fields and partner feeds.
4. Verify rendered facts and archive evidence.
5. Approved field-level changes are submitted to the responsible channel.

Desired outcome: Verified completion of “Reconcile Pet and EV-Charging Facts With 0% Recognition” on the affected pages, with before/after evidence retained.

Responsible party: Hotel Operations / Choice Digital

Evidence: Requires hotel confirmation / further investigation

PRIORITY: MEDIUM · **PLATFORM:** DIGITAL PRESENCE

Issue: The official page lists Family Friendly and positions the hotel near Toronto Harbour, Rogers Centre, and Metro Toronto Convention Centre. Recognition was 8.2% for Family-Friendly, 9.6% for City Views, and 1.4% for Near Convention Center.

Why it matters: These facts support family, leisure, and event-planner decisions but require precise wording, especially for room-specific views.

Recommended action: Unify Family, Harbourfront, and City-Access Facts

1. Approve exact family amenities, room-view categories, and walking-distance claims.
2. Create one location block distinguishing Harbourfront, attractions, and convention access.
3. Map it to overview, rooms, location, and structured fields.
4. Verify partner profiles against the approved facts.
5. Approved field-level changes are submitted to the responsible channel.

Desired outcome: Verified completion of “Unify Family, Harbourfront, and City-Access Facts” on the affected pages, with before/after evidence retained.

Responsible party: Hotel Commercial Leadership

Evidence: Requires hotel confirmation / further investigation

PRIORITY: MEDIUM · **PLATFORM:** CHOICE ORIGIN PROBE

Issue: The zero-cost origin probe timed out on robots, sitemap, HEAD, and homepage GET, while the separate web fetch successfully retrieved the canonical hotel page.

Why it matters: The mixed observation may reflect origin-level bot handling or transient latency; it does not establish a canonical hotel-page outage or indexing failure.

Recommended action: Review Choice Origin Timeouts Without Overstating Impact

1. Retest the origin and canonical hotel path with logged timing and user agent.
2. Apply the change on the verified page (choicehotels.com) and retain before/after evidence.
3. Review CDN/WAF telemetry for the bounded probe window.
4. Confirm intended crawler policy.
5. Make only narrow approved changes if repeatable impact is verified.

Desired outcome: Verified completion of “Review Choice Origin Timeouts Without Overstating Impact” on the affected pages, with before/after evidence retained.

Responsible party: Choice Digital / CDN Security Owner

Evidence: Choice origin probe

PRIORITY: MEDIUM · **PLATFORM:** OFFICIAL WEBSITE

Issue: Confirm that meetings, dining, and amenities facts on the official page match the hotel's approved source of truth; align third-party listings after confirmation.

Why it matters: Digital content readiness depends on one approved source of truth before third-party outreach.

Recommended action: Confirm and align official facts for Radisson Blu Toronto Downtown

1. Establish one approved fact sheet; update the official page first; then cascade to GBP/OTAs when values are confirmed.
2. Apply the change on the verified page (choicehotels.com) and retain before/after evidence.
3. Do not change unconfirmed values on OTAs until the hotel approves the fact sheet.

Desired outcome: One hotel-approved fact sheet reflected on the official site and spot-checked on priority listings.

Responsible party: Hotel Sales & Marketing

Evidence: Official website

3. Digital Platform Assessment

Exact verified listings where available. Rows distinguish corrections, content improvements, distribution opportunities, verified-consistent listings, partial assessments, and research follow-ups. Access restrictions are not treated as content defects. Listing verification and content verification are tracked separately.

PLATFORM	LISTING	ASSESSMENT	FINDING	NEXT ACTION
Brand property page	Brand property page	Verified listing — content reviewed in scope	Confirm that meetings, dining, and amenities facts on the official page match the hotel's approved source of truth; align third-party listings after confirmation.	Establish one approved fact sheet; update the official page first; then cascade to GBP/OTAs when values are confirmed. Owner: Hotel Sales & Marketing
Hotel-operated website	—	Listing requiring further verification	Platform category identified in research inventory; exact listing URL not yet confirmed. Content was not field-assessed.	Confirm the exact property listing URL before treating as a content defect.

Also verified with no material issue in this assessment scope: Google Business Profile / Maps; Tripadvisor; Booking.com; Expedia; Apple Maps; Bing Places; Destination / CVB listing; Specialist directory.

4. Website & Content Improvements

Specific hotel or brand pages that affect how travelers understand and select the property. This section does not repeat ADP traveler-intent analysis.

Page: Digital presence

Issue: The official Choice page says the Restaurant and Lounge are closed until further notice without a dated status or expected review point.

Recommended action: Resolve the Open-Ended Restaurant and Lounge Closure Notice

1. Operations confirms the current restaurant and lounge status.
2. Remove the notice or add an accurate effective date and approved status.
3. Align dining, amenities, booking disclosures, and partner feeds.
4. Archive live verification and an owner for future status updates.

Evidence: View page

Page: Official website

Issue: Confirm that meetings, dining, and amenities facts on the official page match the hotel's approved source of truth; align third-party listings after confirmation.

Recommended action: Confirm and align official facts for Radisson Blu Toronto Downtown

1. Establish one approved fact sheet; update the official page first; then cascade to GBP/OTAs when values are confirmed.
2. Apply the change on the verified page (choicehotels.com) and retain before/after evidence.
3. Do not change unconfirmed values on OTAs until the hotel approves the fact sheet.

Why it matters: Digital content readiness depends on one approved source of truth before third-party outreach.

Responsible party: Hotel Sales & Marketing

Evidence: View page

5. Digital Authority & Backlink Opportunities

Public research completed 3 searches and inspected 9 candidate pages without verifying additional property-specific third-party hyperlinks beyond prior known destination listings. Mentions without links remain classified separately.

VERIFIED HEALTHY BACKLINK

Source: Official hotel website

Observation: Official hotel website (booking platform) includes a verified property-specific hyperlink to https://www.choicehotels.com/ontario/toronto/radisson-blu-hotels/cnc41.

Commercial relevance: This booking platform already provides a working referral path for travelers who discover Radisson Blu Toronto Downtown through that channel.

Destination: Official / approved hotel URL — Destination matches a verified hotel/brand URL.

Recommended action: No correction required. Periodically confirm the live destination still resolves to the hotel-approved URL.

Responsible party: Hotel Marketing / Partnerships

UNLINKED MENTION

Source: Radisson Blu Toronto Downtown - Silver Hotel Group

Observation: Hotel mentioned in page text; no property-specific hyperlink confirmed.

Commercial relevance: This referring website already mentions Radisson Blu Toronto Downtown; adding the correct official URL makes the reference actionable.

Recommended action: Contact Radisson Blu Toronto Downtown - Silver Hotel Group to request a property-specific hyperlink to the hotel's approved official website where the publisher allows it.

Responsible party: Hotel Marketing / Partnerships

UNLINKED MENTION

Source: Radisson Blu Toronto Downtown | Cvent

Observation: Hotel mentioned in page text; no property-specific hyperlink confirmed.

Commercial relevance: This referring website already mentions Radisson Blu Toronto Downtown; adding the correct official URL makes the reference actionable.

Recommended action: Contact Radisson Blu Toronto Downtown | Cvent to request a property-specific hyperlink to the hotel's approved official website where the publisher allows it.

Responsible party: Hotel Marketing / Partnerships

UNLINKED MENTION

Observation: Hotel mentioned in page text; no property-specific hyperlink confirmed.

Commercial relevance: This referring website already mentions Radisson Blu Toronto Downtown; adding the correct official URL makes the reference actionable.

Recommended action: Contact Radisson Blu Toronto Downtown - Downtown Toronto Hotels to request a property-specific hyperlink to the hotel's approved official website where the publisher allows it.

Responsible party: Hotel Marketing / Partnerships

UNLINKED MENTION

Source: Radisson Blu Toronto Downtown | ToDoOntario

Observation: Hotel mentioned in page text; no property-specific hyperlink confirmed.

Commercial relevance: This referring website already mentions Radisson Blu Toronto Downtown; adding the correct official URL makes the reference actionable.

Recommended action: Contact Radisson Blu Toronto Downtown | ToDoOntario to request a property-specific hyperlink to the hotel's approved official website where the publisher allows it.

Responsible party: Hotel Marketing / Partnerships

Full referring-domain inventory is retained in AVA research records — not printed here. Directory presence is not counted as a backlink. Healthy existing backlinks are not listed as problems.

6. Implementation Roadmap

Same canonical actions as Priority Findings — execution view only. Escalate brand-controlled edits through the brand digital team when the hotel cannot edit the page directly.

PRIORITY	ACTION	OWNER	TIMING	EFFORT	EVIDENCE
HIGH	Resolve the Open-Ended Restaurant and Lounge Closure Notice	Hotel Operations / Choice Digital	Immediate	MEDIUM	Hotel confirm
HIGH	Reconcile Pet and EV-Charging Facts With 0% Recognition	Hotel Operations / Choice Digital	Immediate	MEDIUM	Hotel confirm
MEDIUM	Unify Family, Harbourfront, and City-Access Facts	Hotel Commercial Leadership	Next 30 days	MEDIUM	Hotel confirm
MEDIUM	Review Choice Origin Timeouts Without Overstating Impact	Choice Digital / CDN Security Owner	Next 30 days	MEDIUM	View
MEDIUM	Confirm and align official facts for Radisson Blu Toronto Downtown	Hotel Sales & Marketing	Next 30 days	MEDIUM	View

7. Methodology & Limitations

Dealality AVA assesses the hotel's public digital presence. Listing existence and content assessment are tracked separately; Google Travel entities are not treated as Google Business Profile / Maps place listings. Assessment date: 2026-11-05. Research coverage: . Research limits: Public partial research only unless paid providers are founder-authorized. Platform ownership is confirmed only with evidence; otherwise RESPONSIBLE_PARTY_TO_CONFIRM. ADP traveler-intent detail is limited to the Executive Audit Summary. Methodology limits are not listed as hotel findings.
