AI VISIBILITY AUDIT & ACTION PLAN

Renaissance Arlington Capital View Hotel

Arlington, Virginia

INITIAL DIGITAL PRESENCE ASSESSMENT

NOVEMBER 2026

1. Executive Audit Summary

Reconcile Event Totals and the Capital View Name

Renaissance Arlington Capital View leads its certified five-hotel set, but appears in only 54.3% of eligible scenarios and 19.0% of comparable consideration answers. Official pages verify a complimentary DCA, Metro, Pentagon, and Amazon HQ2 shuttle, SOCCi dining, Navigator programming, and substantial meetings inventory. The immediate work is to reconcile event totals and property naming, resolve conflicting pet fees, and organize those verified demand signals.

Performance Snapshot

AI CONSIDERATION	SCENARIO PRESENCE	CERTIFIED PEER POSITION
19.0%	**54.3%**	**#1 of 5**
Mentioned in 35 of 184 comparable monitored AI answers	Present across 25 of 46 eligible traveler-need scenarios	Highest presence among 5 certified Marriott Bonvoy peers

AI Consideration is the share of comparable monitored answers mentioning the hotel; Scenario Presence is the share of eligible traveler-need scenarios where it appeared. Certified Peer Position uses only the named certified Marriott Bonvoy set. These measures do not represent bookings, ADR, revenue, or traveler exposure.

Key Findings

1. Reconcile Event Totals and the Capital View Name

The overview markets 17,000 square feet; the events summary reports 17,179; its opening copy says 20,000; and virtual-tour copy says “Renaissance Arlington Capitol View Hotel” rather than Capital View.

Why it matters. Planners need one inventory basis, and the property name should be consistent for entity clarity.

2. Resolve Conflicting Pet-Fee Terms

Pet-friendly marketing states a $100 non-refundable fee per stay, while hotel information and the FAQ state a $50 non-refundable fee per night; both allow up to two pets.

Why it matters. Guests need one approved fee basis before booking, and the audit cannot determine which amount is current.

3. Strengthen Shuttle, Dining, Navigator, and Demand Context

Marriott verifies complimentary scheduled service to DCA and Crystal City Metro plus weekday Pentagon/Amazon HQ2 service, SOCCi, illy Café, room service, Renaissance Navigators, and government/military positioning. ADP recorded 0% recognition for airport shuttle, restaurant, room service, ballroom capacity, and Navigator.

Why it matters. These facts support airport, government, corporate, and local-experience decisions, but no ranking or booking causation is claimed.

Recommended Priorities

PRIORITY	ACTION	DESIRED OUTCOME
HIGH	Reconcile Event Totals and the Capital View Name	An approved room-by-room capacity schedule matching live hotel and brand pages.

EXECUTIVE TAKEAWAY

Renaissance Arlington Capital View Hotel should treat its certified ADP result as a prioritization signal. The practical task is to protect or improve decision context with current, internally consistent official facts and documented verification—not to promise a visibility, booking, ADR, or revenue outcome.
