AI VISIBILITY AUDIT & ACTION PLAN

Nobu Hotel London Portman Square

London, England

INITIAL DIGITAL PRESENCE ASSESSMENT

NOVEMBER 2026

1. Executive Audit Summary

Make the 700-Guest Event Proposition Consistent and Machine-Usable

The hotel appears in 19.6% of comparable answers and 41.3% of eligible scenarios, while official pages explicitly support several attributes recorded at 0%. The immediate task is to reconcile explicit first-party facts with the staged reality gaps, while treating technical-probe results as bounded observations rather than causal proof.

Performance Snapshot

AI CONSIDERATION	SCENARIO PRESENCE	REALITY COVERAGE
19.6%	**41.3%**	**13.3%**
Mentioned in 36 of 184 comparable monitored AI answers	Present across 19 of 46 eligible traveler-need scenarios	Only 2 of 15 monitored attributes consistently recognized

AI Consideration is the share of comparable monitored answers mentioning the hotel; Scenario Presence is the share of eligible traveler-need scenarios where it appeared. Peer position is certified-set context. These measures do not represent bookings, ADR, revenue, or traveler exposure.

Key Findings

1. Make the 700-Guest Event Proposition Consistent and Machine-Usable

The official events page describes receptions for up to 700 guests and a Nobu Ballroom with a 9-meter LED screen; Large Ballroom / Event Capacity recognition was 0%.

Why it matters. The ballroom is a material group-sales asset. Clear setup-qualified capacity facts can improve planner context without implying measured-performance causation.

2. Unify Marylebone, Dining, and Nobu Hospitality Positioning

The official homepage places the hotel in Marylebone and presents four dining destinations plus Omotenashi hospitality. The certified read recorded 0% for Marylebone / Portman Square Location, On-Site Restaurant, Nobu Restaurant, Private Dining, and Japanese Hospitality Positioning.

Why it matters. The missing signals are central to the hotel's identity and entry into relevant traveler-need answers.

3. Connect the Full Hotel-Buyout Fact Set to Group Demand

The official events page offers exclusive hotel buyout access to 243 rooms and suites, three event spaces, Nobu Restaurant, The Lounge, Nobu Bar & Terrace, Nobu Pilates & Wellness, and a dedicated check-in experience.

Why it matters. This differentiated group proposition is useful for conferences, incentives, and celebrations if leadership wants that demand.

Recommended Priorities

PRIORITY	ACTION	DESIRED OUTCOME
HIGH	Unify Marylebone, Dining, and Nobu Hospitality Positioning	Verified outlet descriptions aligned across priority hotel and brand channels.
MEDIUM	Make the 700-Guest Event Proposition Consistent and Machine-Usable	Verified completion of “Make the 700-Guest Event Proposition Consistent and Machine-Usable” on the affected pages, with before/after evidence retained.
MEDIUM	Correct the Probe's Root-Redirect Blind Spot	Documented domain ownership and tested canonical redirects from legacy hosts into the approved booking path.
MEDIUM	Confirm and align official facts for Nobu Hotel London Portman Square	One hotel-approved fact sheet reflected on the official site and spot-checked on priority listings.

EXECUTIVE TAKEAWAY

The practical next step is one approved source-of-truth decision at a time, followed by narrow implementation and verification.

2. Priority Findings & Opportunities

The most important verified corrections and opportunities for this hotel. Full research detail remains in the AVA record.

PRIORITY: HIGH · **PLATFORM:** NOBU HOTEL HOMEPAGE

Issue: The official homepage places the hotel in Marylebone and presents four dining destinations plus Omotenashi hospitality. The certified read recorded 0% for Marylebone / Portman Square Location, On-Site Restaurant, Nobu Restaurant, Private Dining, and Japanese Hospitality Positioning.

Why it matters: The missing signals are central to the hotel's identity and entry into relevant traveler-need answers.

Recommended action: Unify Marylebone, Dining, and Nobu Hospitality Positioning

1. Approve a concise canonical block covering Marylebone, Nobu dining, private dining, and Omotenashi.
2. Apply the change on the verified page (nobuhotels.com) and retain before/after evidence.
3. Map it across overview, dining, events, location, and structured fields.
4. Ensure terminology is consistent rather than repetitive or promotional.
5. Verify priority pages and partner profiles against the approved block.

Desired outcome: Verified outlet descriptions aligned across priority hotel and brand channels.

Responsible party: Hotel Commercial Leadership

Evidence: Nobu hotel homepage

PRIORITY: MEDIUM · **PLATFORM:** NOBU MEETINGS AND EVENTS

Issue: The official events page describes receptions for up to 700 guests and a Nobu Ballroom with a 9-meter LED screen; Large Ballroom / Event Capacity recognition was 0%.

Why it matters: The ballroom is a material group-sales asset. Clear setup-qualified capacity facts can improve planner context without implying measured-performance causation.

Recommended action: Make the 700-Guest Event Proposition Consistent and Machine-Usable

1. Approve capacity by setup and the exact ballroom naming convention.
2. Apply the change on the verified page (nobuhotels.com) and retain before/after evidence.
3. Align event landing pages, fact sheets, structured fields, and partner profiles.
4. Keep the 700 figure explicitly tied to reception setup.
5. Verify rendered and machine-readable facts after publication.

Desired outcome: Verified completion of “Make the 700-Guest Event Proposition Consistent and Machine-Usable” on the affected pages, with before/after evidence retained.

Responsible party: Director of Sales / Digital Content Owner

Evidence: Nobu meetings and events

PRIORITY: MEDIUM · **PLATFORM:** ZERO-COST PUBLIC RESEARCH PROBE

Issue: The zero-cost probe accepted the supplied hotel URL but tested the site origin, whose homepage redirected to the Nobu Hotels root. Separate web fetches successfully retrieved the hotel and meetings pages.

Why it matters: The result is a probe-scope limitation, not evidence that the hotel pages are unavailable or unindexable.

Recommended action: Correct the Probe's Root-Redirect Blind Spot

1. Add canonical hotel-path checks to the bounded technical regression.
2. Apply the change on the verified page (nobuhotels.com) and retain before/after evidence.
3. Record redirect chains separately from hotel-page status.
4. Preserve the current HTTP 200 robots and sitemap baseline.
5. Escalate only if a canonical hotel path fails independently.

Desired outcome: Documented domain ownership and tested canonical redirects from legacy hosts into the approved booking path.

Responsible party: Website Platform Owner

Evidence: Zero-cost public research probe

PRIORITY: MEDIUM · **PLATFORM:** OFFICIAL WEBSITE

Issue: Confirm that meetings, dining, and amenities facts on the official page match the hotel's approved source of truth; align third-party listings after confirmation.

Why it matters: Digital content readiness depends on one approved source of truth before third-party outreach.

Recommended action: Confirm and align official facts for Nobu Hotel London Portman Square

1. Establish one approved fact sheet; update the official page first; then cascade to GBP/OTAs when values are confirmed.
2. Apply the change on the verified page (nobuhotels.com) and retain before/after evidence.
3. Do not change unconfirmed values on OTAs until the hotel approves the fact sheet.

Desired outcome: One hotel-approved fact sheet reflected on the official site and spot-checked on priority listings.

Responsible party: Hotel Sales & Marketing

Evidence: Official website

3. Digital Platform Assessment

Exact verified listings where available. Rows distinguish corrections, content improvements, distribution opportunities, verified-consistent listings, partial assessments, and research follow-ups. Access restrictions are not treated as content defects. Listing verification and content verification are tracked separately.

PLATFORM	LISTING	ASSESSMENT	FINDING	NEXT ACTION
Brand property page	—	Listing requiring further verification	Platform category identified in research inventory; exact listing URL not yet confirmed. Content was not field-assessed.	Confirm the exact property listing URL before treating as a content defect.
Hotel-operated website	Hotel-operated website	Verified listing — content reviewed in scope	Confirm that meetings, dining, and amenities facts on the official page match the hotel's approved source of truth; align third-party listings after confirmation.	Establish one approved fact sheet; update the official page first; then cascade to GBP/OTAs when values are confirmed. Owner: Hotel Sales & Marketing

Also verified with no material issue in this assessment scope: Google Business Profile / Maps; Tripadvisor; Booking.com; Expedia; Apple Maps; Bing Places; Cvent; Destination / CVB listing; Specialist directory.

4. Website & Content Improvements

Specific hotel or brand pages that affect how travelers understand and select the property. This section does not repeat ADP traveler-intent analysis.

Page: Nobu hotel homepage

Issue: The official homepage places the hotel in Marylebone and presents four dining destinations plus Omotenashi hospitality. The certified read recorded 0% for Marylebone / Portman Square Location, On-Site Restaurant, Nobu Restaurant, Private Dining, and Japanese Hospitality Positioning.

Recommended action: Unify Marylebone, Dining, and Nobu Hospitality Positioning

1. Approve a concise canonical block covering Marylebone, Nobu dining, private dining, and Omotenashi.
2. Apply the change on the verified page (nobuhotels.com) and retain before/after evidence.
3. Map it across overview, dining, events, location, and structured fields.
4. Ensure terminology is consistent rather than repetitive or promotional.

Responsible party: Website Platform Owner

Evidence: View page

Page: Official website

Issue: Confirm that meetings, dining, and amenities facts on the official page match the hotel's approved source of truth; align third-party listings after confirmation.

Recommended action: Confirm and align official facts for Nobu Hotel London Portman Square

1. Establish one approved fact sheet; update the official page first; then cascade to GBP/OTAs when values are confirmed.
2. Apply the change on the verified page (nobuhotels.com) and retain before/after evidence.
3. Do not change unconfirmed values on OTAs until the hotel approves the fact sheet.

Why it matters: Digital content readiness depends on one approved source of truth before third-party outreach.

Responsible party: Hotel Sales & Marketing

Evidence: View page

5. Digital Authority & Backlink Opportunities

Public research completed 5 searches and inspected 6 candidate pages without verifying additional property-specific third-party hyperlinks beyond prior known destination listings. Mentions without links remain classified separately.

VERIFIED HEALTHY BACKLINK

Source: Official hotel website

Observation: Official hotel website (booking platform) includes a verified property-specific hyperlink to https://www.nobuhotels.com/london-portman/.

Commercial relevance: This booking platform already provides a working referral path for travelers who discover Nobu Hotel London Portman Square through that channel.

Destination: Official / approved hotel URL — Destination matches a verified hotel/brand URL.

Recommended action: No correction required. Periodically confirm the live destination still resolves to the hotel-approved URL.

Responsible party: Hotel Marketing / Partnerships

UNLINKED MENTION

Source: Discover Marylebone with Nobu Hotel London Portman Square - Decadence Magazine

Observation: Hotel mentioned in page text; no property-specific hyperlink confirmed.

Commercial relevance: This travel publication already mentions Nobu Hotel London Portman Square; adding the correct official URL makes the reference actionable.

Recommended action: Contact Discover Marylebone with Nobu Hotel London Portman Square - Decadence Magazine to request a property-specific hyperlink to the hotel's approved official website where the publisher allows it.

Responsible party: Hotel Marketing / Partnerships

UNLINKED MENTION

Source: Venue Spotlight: Nobu

Observation: Hotel mentioned in page text; no property-specific hyperlink confirmed.

Commercial relevance: This referring website already mentions Nobu Hotel London Portman Square; adding the correct official URL makes the reference actionable.

Recommended action: Contact Venue Spotlight: Nobu to request a property-specific hyperlink to the hotel's approved official website where the publisher allows it.

Responsible party: Hotel Marketing / Partnerships

Full referring-domain inventory is retained in AVA research records — not printed here. Directory presence is not counted as a backlink. Healthy existing backlinks are not listed as problems.

6. Implementation Roadmap

Same canonical actions as Priority Findings — execution view only. Escalate brand-controlled edits through the brand digital team when the hotel cannot edit the page directly.

PRIORITY	ACTION	OWNER	TIMING	EFFORT	EVIDENCE

MEDIUM	Confirm and align official facts for Nobu Hotel London Portman Square	Hotel Sales & Marketing	Next 30 days	MEDIUM	View

7. Methodology & Limitations

Dealality AVA assesses the hotel’s public digital presence. Listing existence and content assessment are tracked separately; Google Travel entities are not treated as Google Business Profile / Maps place listings. Assessment date: 2026-11-05. Research coverage: . Research limits: Public partial research only unless paid providers are founder-authorized. Platform ownership is confirmed only with evidence; otherwise RESPONSIBLE_PARTY_TO_CONFIRM. ADP traveler-intent detail is limited to the Executive Audit Summary. Methodology limits are not listed as hotel findings.
