AI VISIBILITY AUDIT & ACTION PLAN

Sheraton Mallorca Arabella Golf Hotel

Palma de Mallorca, Spain

INITIAL DIGITAL PRESENCE ASSESSMENT

NOVEMBER 2026

1. Executive Audit Summary

Make the Family Golf Resort Proposition Easier for Planners to Choose

Sheraton Mallorca Arabella Golf Hotel's central issue is absolute visibility: 20.6% consideration, 35.6% scenario presence, and third place among four Bonvoy peers. Official content is already rich—four courses and 63 holes, Kids Club, Shine Spa, and dining. The opportunity is to package those strengths clearly for international leisure and group planners, not to frame the result as peer embarrassment.

Performance Snapshot

AI CONSIDERATION	SCENARIO PRESENCE	CERTIFIED PEER POSITION
20.6%	**35.6%**	**#3 of 4**
Share of comparable monitored AI answers that mentioned the hotel	Eligible traveler-need scenarios where the hotel appeared	Third among 4 certified Marriott Bonvoy peers

AI Consideration is the share of comparable monitored answers mentioning the hotel; Scenario Presence is the share of eligible traveler-need scenarios where it appeared; Certified Peer Position compares only the certified four-hotel set. Presence does not equal bookings, revenue, or traveler exposure.

Key Findings

1. The Absolute Visibility Gap Is the Business Story

The hotel appears in 35.6% of eligible scenarios and 20.6% of comparable consideration answers, despite rich official content.

Why it matters. The third-place rank is context, not embarrassment. Management should investigate where the family-friendly golf proposition is absent or unclear without claiming that content alone caused the measured gap.

2. Golf, Family, Wellness, and Dining Form a Distinct Offer

Marriott presents access to four courses and 63 holes, Kids Club, Shine Spa, and multiple dining experiences.

Why it matters. International group planners need consistent golf access conditions, family-program details, seasonal availability, meeting fit, and inquiry routing before these strengths can function as a dependable resort or retreat proposition.

3. Sister-Cluster Positioning Is an Opportunity

Sheraton's family-friendly golf resort role differs naturally from Castillo's adults-only Luxury Collection castle, although ADP observed sister-hotel displacement.

Why it matters. Cluster leadership can clarify complementary audiences and occasions without negative rivalry. Any incentive or golf-retreat package should remain optional and proceed only if sales and operations want that demand.

EXECUTIVE TAKEAWAY

Sheraton Mallorca Arabella Golf Hotel needs stronger absolute consideration, but it does not need a new identity. Clarify the existing family-friendly golf resort offer for international planners, define its complementary role beside Castillo, and package incentive or retreat demand only when commercial leadership confirms the fit. Digital authority: Sheraton Mallorca Arabella Golf is already listed on Visit Palma destination hotel inventories an… Digital content readiness: Sheraton's brand pages and Visit Palma listing cover family golf-resort cues, but absolute AI consideration remains low.
