AI VISIBILITY AUDIT & ACTION PLAN

The St. Regis Mexico City

Mexico City, Mexico

INITIAL DIGITAL PRESENCE ASSESSMENT

NOVEMBER 2026

1. Executive Audit Summary

Reconcile Event and Dining Inventories While Protecting Strong AI Presence

The St. Regis Mexico City has strong measured presence—71.9% AI Consideration, 91.7% Scenario Presence, and the second position among six certified Marriott Bonvoy peers. The priority is not broad awareness; it is source-of-truth precision where official event-room and dining frames differ, plus clearer representation of verified assets that remain weak in the certified attribute read.

Performance Snapshot

AI CONSIDERATION	SCENARIO PRESENCE	CERTIFIED PEER POSITION
71.9%	**91.7%**	**#2 of 6**
Mentioned in 138 of 192 comparable monitored AI answers	Present across 44 of 48 eligible traveler-need scenarios	Second-highest presence among 6 certified Marriott Bonvoy peers

AI Consideration is the share of comparable monitored answers mentioning the hotel; Scenario Presence is the share of eligible traveler-need scenarios where it appeared. Certified Peer Position uses the named governed peer set. These measures do not represent bookings, ADR, revenue, or traveler exposure.

Key Findings

1. Reconcile the 13-Room and 12-Room Event Inventory

The events page invites planners to review 13 meeting rooms, while later copy and the FAQ state that the hotel has 12 event rooms.

Why it matters. Planners need one setup-qualified inventory that explains whether pre-function or another space is included in only one count.

2. Publish One Dining Venue and Category Map

The official overview states 10 restaurants, while its dining journey names multiple restaurants and bars and separately presents private dining and in-room dining.

Why it matters. A signed category map can prevent omissions and apparent count conflicts across overview, dining, amenities, and partner feeds.

3. Strengthen Under-Recognized Dining, Family, and Event Facts

ADP recorded 0% recognition for on-site restaurant, private dining, room service, and ballroom capacity; family-friendly recognition was 5.2%, despite detailed official dining, children's, and event content.

Why it matters. Consistent, machine-readable facts can improve buyer context, without implying booking, ranking, ADR, or revenue causation.

Recommended Priorities

PRIORITY	ACTION	DESIRED OUTCOME
HIGH	Publish One Dining Venue and Category Map	Verified outlet descriptions aligned across priority hotel and brand channels.
MEDIUM	Reconcile the 13-Room and 12-Room Event Inventory	An approved room-by-room capacity schedule matching live hotel and brand pages.
MEDIUM	Review Marriott Origin Access for Intended Crawlers	Documented crawler-access decision with verified live robots/CDN behavior.

EXECUTIVE TAKEAWAY

The hotel already performs strongly in monitored demand. Precision around inventory, categories, and signature experiences is the highest-value next step.

2. Priority Findings & Opportunities

The most important verified corrections and opportunities for this hotel. Full research detail remains in the AVA record.

PRIORITY: HIGH · **PLATFORM:** ST. REGIS MEXICO CITY OVERVIEW

Issue: The official overview states 10 restaurants, while its dining journey names multiple restaurants and bars and separately presents private dining and in-room dining.

Why it matters: A signed category map can prevent omissions and apparent count conflicts across overview, dining, amenities, and partner feeds.

Recommended action: Publish One Dining Venue and Category Map

1. Confirm the active outlet roster and operating status.
2. Apply the change on the verified page (marriott.com) and retain before/after evidence.
3. Classify restaurants, bars, cafés, concessions, private dining, and in-room dining.
4. Align headline counts and outlet-level modules.
5. Verify names, hours, reservation links, and seasonal qualifiers.

Desired outcome: Verified outlet descriptions aligned across priority hotel and brand channels.

Responsible party: Director of Food & Beverage / Marriott Digital

Evidence: St. Regis Mexico City overview

PRIORITY: MEDIUM · **PLATFORM:** ST. REGIS MEXICO CITY EVENTS

Issue: The events page invites planners to review 13 meeting rooms, while later copy and the FAQ state that the hotel has 12 event rooms.

Why it matters: Planners need one setup-qualified inventory that explains whether pre-function or another space is included in only one count.

Recommended action: Reconcile the 13-Room and 12-Room Event Inventory

1. Sales signs the active event-space roster.
2. Apply the change on the verified page (marriott.com) and retain before/after evidence.
3. Define meeting room, event room, ballroom, terrace, and pre-function counting.
4. Align page narrative, capacity chart, FAQ, and sales collateral.
5. Archive the approved inventory and live verification.

Desired outcome: An approved room-by-room capacity schedule matching live hotel and brand pages.

Responsible party: Director of Sales / Marriott Digital

Evidence: St. Regis Mexico City events

PRIORITY: MEDIUM · **PLATFORM:** DIGITAL PRESENCE

Issue: The mixed result warrants a narrow security-aligned review but does not establish an indexing outage.

Why it matters: Consistent, approved public facts reduce guest and partner confusion and limit incorrect AI repetition of property details.

Recommended action: Review Marriott Origin Access for Intended Crawlers

1. Review the exact request and redirect behavior.
2. Confirm intended crawler policy.
3. Approve only narrow changes if a conflict is verified.
4. Retest the origin and hotel URLs.
5. Compare current public copy with the hotel-approved source of truth.

Desired outcome: Documented crawler-access decision with verified live robots/CDN behavior.

Responsible party: Marriott Digital / CDN Security Owner

Evidence: Requires hotel confirmation / further investigation

3. Digital Platform Assessment

Exact verified listings where available. Rows distinguish corrections, content improvements, distribution opportunities, verified-consistent listings, partial assessments, and research follow-ups. Access restrictions are not treated as content defects. Listing verification and content verification are tracked separately.

PLATFORM	LISTING	ASSESSMENT	FINDING	NEXT ACTION
Brand property page	Brand property page	Verified listing — content reviewed in scope	Confirm that meetings, dining, and amenities facts on the official page match the hotel's approved source of truth; align third-party listings after confirmation.	Establish one approved fact sheet; update the official page first; then cascade to GBP/OTAs when values are confirmed. Owner: Hotel Sales & Marketing
Hotel-operated website	—	Listing requiring further verification	Platform category identified in research inventory; exact listing URL not yet confirmed. Content was not field-assessed.	Confirm the exact property listing URL before treating as a content defect.

Also verified with no material issue in this assessment scope: Google Business Profile / Maps; Tripadvisor; Booking.com; Expedia; Apple Maps; Bing Places; Cvent; Destination / CVB listing; Specialist directory.

4. Website & Content Improvements

Specific hotel or brand pages that affect how travelers understand and select the property. This section does not repeat ADP traveler-intent analysis.

5. Digital Authority & Backlink Opportunities

Public research completed 5 searches and inspected 13 candidate pages without verifying additional property-specific third-party hyperlinks beyond prior known destination listings. Mentions without links remain classified separately.

VERIFIED HEALTHY BACKLINK

Source: Official hotel website

Observation: Official hotel website (commercial partner page) includes a verified property-specific hyperlink to https://www.marriott.com/en-us/hotels/mexxr-the-st-regis-mexico-city/overview/.

Commercial relevance: This commercial partner page already provides a working referral path for travelers who discover The St. Regis Mexico City through that channel.

Destination: Official / approved hotel URL — Destination matches a verified hotel/brand URL.

Recommended action: No correction required. Periodically confirm the live destination still resolves to the hotel-approved URL.

Responsible party: Hotel Marketing / Partnerships

VERIFIED HEALTHY BACKLINK

Source: FAQ - The St. Regis Mexico City

Observation: FAQ - The St. Regis Mexico City (referring website) includes a verified property-specific hyperlink to https://www.marriott.com/en-us/hotels/mexxr-the-st-regis-mexico-city?utm_source=bonafide.ai&ctx_source=bonafide.ai.

Commercial relevance: This referring website already provides a working referral path for travelers who discover The St. Regis Mexico City through that channel.

Destination: Official / approved hotel URL — Destination matches a verified hotel/brand URL.

Recommended action: No correction required. Periodically confirm the live destination still resolves to the hotel-approved URL.

Responsible party: Hotel Marketing / Partnerships

UNLINKED MENTION

Source: Unique Venues in Mexico to Boost Your Next Meeting or Incentive Program | Meetings Today

Observation: Hotel mentioned in page text; no property-specific hyperlink confirmed.

Commercial relevance: This referring website already mentions The St. Regis Mexico City; adding the correct official URL makes the reference actionable.

Recommended action: Contact Unique Venues in Mexico to Boost Your Next Meeting or Incentive Program | Meetings Today to request a property-specific hyperlink to the hotel's approved official website where the publisher allows it.

Responsible party: Hotel Marketing / Partnerships

UNLINKED MENTION

Source: The St. Regis Mexico City | Cvent

Observation: Hotel mentioned in page text; no property-specific hyperlink confirmed.

Commercial relevance: This referring website already mentions The St. Regis Mexico City; adding the correct official URL makes the reference actionable.

Recommended action: Contact The St. Regis Mexico City | Cvent to request a property-specific hyperlink to the hotel's approved official website where the publisher allows it.

Responsible party: Hotel Marketing / Partnerships

Full referring-domain inventory is retained in AVA research records — not printed here. Directory presence is not counted as a backlink. Healthy existing backlinks are not listed as problems.

6. Implementation Roadmap

Same canonical actions as Priority Findings — execution view only. Escalate brand-controlled edits through the brand digital team when the hotel cannot edit the page directly.

PRIORITY	ACTION	OWNER	TIMING	EFFORT	EVIDENCE
HIGH	Publish One Dining Venue and Category Map	Director of Food & Beverage / Marriott Digital	Immediate	MEDIUM	View
MEDIUM	Reconcile the 13-Room and 12-Room Event Inventory	Director of Sales / Marriott Digital	Next 30 days	MEDIUM	View
MEDIUM	Review Marriott Origin Access for Intended Crawlers	Marriott Digital / CDN Security Owner	Next 30 days	MEDIUM	Hotel confirm

7. Methodology & Limitations

Dealality AVA assesses the hotel's public digital presence. Listing existence and content assessment are tracked separately; Google Travel entities are not treated as Google Business Profile / Maps place listings. Assessment date: 2026-11-05. Research coverage: . Research limits: Public partial research only unless paid providers are founder-authorized. Platform ownership is confirmed only with evidence; otherwise RESPONSIBLE_PARTY_TO_CONFIRM. ADP traveler-intent detail is limited to the Executive Audit Summary. Methodology limits are not listed as hotel findings.
