AI VISIBILITY AUDIT & ACTION PLAN

Tampa Airport Marriott

Tampa, Florida

INITIAL DIGITAL PRESENCE ASSESSMENT

NOVEMBER 2026

1. Executive Audit Summary

Clarify In-Terminal Access and Airport-Shuttle Language

Tampa Airport Marriott has a highly distinctive in-terminal proposition, renovated rooms, day-use inventory, three restaurants, an outdoor pool, and renovated event venues, yet it appeared in only 6.5% of eligible scenarios and 2.2% of comparable consideration answers. The immediate work is factual: resolve airport-access and shuttle wording, reconcile event-space totals, and consistently present verified layover, dining, and meeting assets.

Performance Snapshot

AI CONSIDERATION	SCENARIO PRESENCE	CERTIFIED PEER POSITION
2.2%	**6.5%**	**#6 of 6**
Mentioned in 4 of 184 comparable monitored AI answers	Present across 3 of 46 eligible traveler-need scenarios	Lowest presence among 6 certified Marriott Bonvoy peers

AI Consideration is the share of comparable monitored answers mentioning the hotel; Scenario Presence is the share of eligible traveler-need scenarios where it appeared. Certified Peer Position uses only the named certified Marriott Bonvoy set. These measures do not represent bookings, ADR, revenue, or traveler exposure.

Key Findings

1. Clarify In-Terminal Access and Airport-Shuttle Language

The overview describes the hotel as inside TPA with direct terminal access. The getting-here section includes an on-request $0 round trip, another line says the hotel does not provide shuttle service, and the FAQ says an airport shuttle is available.

Why it matters. Travelers need to know whether they walk from the terminal or use a vehicle; ambiguous shuttle language weakens the hotel's defining access advantage.

2. Reconcile Renovated Event-Space Totals

The overview states 25,416 square feet, events marketing says 25,000 square feet, and the events summary reports 25,766 square feet across 17 event rooms with capacity of 700.

Why it matters. Rounding may explain one difference, but the 350-square-foot variance between precise totals requires a signed inventory basis.

3. Make Layover, Dining, Pool, and Rooftop Assets Usable

Marriott verifies renovated soundproof rooms, day-use rooms, Imbarco, Kahwa Coffee, in-room dining, outdoor pool, 24-hour fitness, and rooftop event space. ADP recorded 0% restaurant, room-service, airport-adjacent, and ballroom-capacity recognition.

Why it matters. These facts distinguish the property for disrupted travel, layovers, meetings, and airport stays, but the audit does not claim content caused the measured result.

Recommended Priorities

PRIORITY	ACTION	DESIRED OUTCOME
HIGH	Clarify In-Terminal Access and Airport-Shuttle Language	Verified completion of "Clarify In-Terminal Access and Airport-Shuttle Language" on the affected pages, with before/after evidence retained.
HIGH	Reconcile Renovated Event-Space Totals	An approved room-by-room capacity schedule matching live hotel and brand pages.
HIGH	Make Layover, Dining, Pool, and Rooftop Assets Usable	Verified outlet descriptions aligned across priority hotel and brand channels.
MEDIUM	Review Marriott Origin Access for Intended Crawlers	Documented crawler-access decision with verified live robots/CDN behavior.

EXECUTIVE TAKEAWAY

Tampa Airport Marriott should treat its certified ADP result as a prioritization signal. The practical task is to protect or improve decision context with current, internally consistent official facts and documented verification—not to promise a visibility, booking, ADR, or revenue outcome.

2. Priority Findings & Opportunities

The most important verified corrections and opportunities for this hotel. Full research detail remains in the AVA record.

PRIORITY: HIGH · **PLATFORM:** TAMPA AIRPORT MARRIOTT OFFICIAL OVERVIEW

Issue: The overview describes the hotel as inside TPA with direct terminal access. The getting-here section includes an on-request $0 round trip, another line says the hotel does not provide shuttle service, and the FAQ says an airport shuttle is available.

Why it matters: Travelers need to know whether they walk from the terminal or use a vehicle; ambiguous shuttle language weakens the hotel's defining access advantage.

Recommended action: Clarify In-Terminal Access and Airport-Shuttle Language

1. Operations confirms the actual TPA arrival path and any vehicle service.
2. Apply the change on the verified page (marriott.com) and retain before/after evidence.
3. Define when “in-terminal,” “direct access,” and “airport shuttle” each apply.
4. Align overview, transportation fields, FAQ, and booking disclosures.
5. Verify the live mobile and desktop journey.

Desired outcome: Verified completion of “Clarify In-Terminal Access and Airport-Shuttle Language” on the affected pages, with before/after evidence retained.

Responsible party: Hotel Operations / Marriott Digital

Evidence: marriott.com/en-us/hotels/tpaap-tampa-airport-marrio…

PRIORITY: HIGH · **PLATFORM:** TAMPA AIRPORT MARRIOTT OFFICIAL OVERVIEW

Issue: The overview states 25,416 square feet, events marketing says 25,000 square feet, and the events summary reports 25,766 square feet across 17 event rooms with capacity of 700.

Why it matters: Rounding may explain one difference, but the 350-square-foot variance between precise totals requires a signed inventory basis.

Recommended action: Reconcile Renovated Event-Space Totals

1. Sign the current room-by-room inventory after renovation.
2. Apply the change on the verified page (marriott.com) and retain before/after evidence.
3. Define indoor, outdoor, rooftop, and divisible-space inclusion.
4. Align precise totals and label rounded marketing totals.
5. Verify planner guides, overview, events, and floor plans.

Desired outcome: An approved room-by-room capacity schedule matching live hotel and brand pages.

Responsible party: Director of Sales / Events Leadership

Evidence: marriott.com/en-us/hotels/tpaap-tampa-airport-marrio…

PRIORITY: HIGH · **PLATFORM:** TAMPA AIRPORT MARRIOTT OFFICIAL OVERVIEW

Issue: Marriott verifies renovated soundproof rooms, day-use rooms, Imbarco, Kahwa Coffee, in-room dining, outdoor pool, 24-hour fitness, and rooftop event space. ADP recorded 0% restaurant, room-service, airport-adjacent, and ballroom-capacity recognition.

Why it matters: These facts distinguish the property for disrupted travel, layovers, meetings, and airport stays, but the audit does not claim content caused the measured result.

Recommended action: Make Layover, Dining, Pool, and Rooftop Assets Usable

1. Approve current renovated-room, day-use, outlet, pool, and rooftop facts.
2. Apply the change on the verified page (marriott.com) and retain before/after evidence.
3. Map each fact to its highest-intent official page and structured field.
4. Keep temporary offers separate from evergreen property facts.
5. QA inquiry and booking paths.

Desired outcome: Verified outlet descriptions aligned across priority hotel and brand channels.

Responsible party: Hotel Commercial Leadership

Evidence: marriott.com/en-us/hotels/tpaap-tampa-airport-marrio…

PRIORITY: MEDIUM · **PLATFORM:** TAMPA AIRPORT MARRIOTT OFFICIAL OVERVIEW

Issue: The mixed result warrants a security-aligned review but does not establish a hotel-page outage, indexing failure, or cause of ADP performance.

Why it matters: Consistent, approved public facts reduce guest and partner confusion and limit incorrect AI repetition of property details.

Recommended action: Review Marriott Origin Access for Intended Crawlers

1. Review the exact research user agent and redirect chain.
2. Apply the change on the verified page (marriott.com) and retain before/after evidence.
3. Confirm intended crawler and bot policy.
4. Make only narrow approved changes if a conflict is verified.
5. Retest the origin and named hotel pages.

Desired outcome: Documented crawler-access decision with verified live robots/CDN behavior.

Responsible party: Marriott Digital / CDN Security Owner

Evidence: marriott.com/en-us/hotels/tpaap-tampa-airport-marrio…

3. Digital Platform Assessment

Exact verified listings where available. Rows distinguish corrections, content improvements, distribution opportunities, verified-consistent listings, partial assessments, and research follow-ups. Access restrictions are not treated as content defects. Listing verification and content verification are tracked separately.

PLATFORM	LISTING	ASSESSMENT	FINDING	NEXT ACTION
Brand property page	Brand property page	Verified listing — content reviewed in scope	Confirm that meetings, dining, and amenities facts on the official page match the hotel's approved source of truth; align third-party listings after confirmation.	Establish one approved fact sheet; update the official page first; then cascade to GBP/OTAs when values are confirmed. Owner: Hotel Sales & Marketing
Hotel-operated website	—	Listing requiring further verification	Platform category identified in research inventory; exact listing URL not yet confirmed. Content was not field-assessed.	Confirm the exact property listing URL before treating as a content defect.

Also verified with no material issue in this assessment scope: Google Business Profile / Maps; Tripadvisor; Booking.com; Expedia; Apple Maps; Bing Places; Cvent; Destination / CVB listing; Specialist directory.

4. Website & Content Improvements

Specific hotel or brand pages that affect how travelers understand and select the property. This section does not repeat ADP traveler-intent analysis.

5. Digital Authority & Backlink Opportunities

Public research verified 1 property-specific third-party hyperlink(s) and 2 external reference(s). Brand and hotel-operated destinations were evaluated separately.

VERIFIED HEALTHY BACKLINK

Source: Official hotel website

Observation: Official hotel website (commercial partner page) includes a verified property-specific hyperlink to https://www.marriott.com/en-us/hotels/tpaap-tampa-airport-marriott/overview/.

Commercial relevance: This commercial partner page already provides a working referral path for travelers who discover Tampa Airport Marriott through that channel.

Destination: Official / approved hotel URL — Destination matches a verified hotel/brand URL.

Recommended action: No correction required. Periodically confirm the live destination still resolves to the hotel-approved URL.

Responsible party: Hotel Marketing / Partnerships

VERIFIED HEALTHY BACKLINK · 2 PAGES

Source: Tampa Airport Marriott - Visit Tampa Bay · Related page 2

Observation: Tampa Airport Marriott - Visit Tampa Bay (official destination / tourism page) includes a verified property-specific hyperlink to https://www.marriott.com/en-us/hotels/tpaap-tampa-airport-marriott/overview/.

Commercial relevance: This official destination / tourism page already provides a working referral path for travelers who discover Tampa Airport Marriott through that channel.

Destination: Official / approved hotel URL — Destination matches a verified hotel/brand URL.

Recommended action: No correction required. Periodically confirm the live destination still resolves to the hotel-approved URL.

Responsible party: Hotel Marketing / Partnerships

Full referring-domain inventory is retained in AVA research records — not printed here. Directory presence is not counted as a backlink. Healthy existing backlinks are not listed as problems.

6. Implementation Roadmap

Same canonical actions as Priority Findings — execution view only. Escalate brand-controlled edits through the brand digital team when the hotel cannot edit the page directly.

7. Methodology & Limitations

Dealality AVA assesses the hotel's public digital presence. Listing existence and content assessment are tracked separately; Google Travel entities are not treated as Google Business Profile / Maps place listings. Assessment date: 2026-11-05. Research coverage: . Research limits: Public partial research only unless paid providers are founder-authorized. Platform ownership is confirmed only with evidence; otherwise RESPONSIBLE_PARTY_TO_CONFIRM. ADP traveler-intent detail is limited to the Executive Audit Summary. Methodology limits are not listed as hotel findings.
